Education

High School Diploma: May 2020

Hoover High School - North Canton , OH

One Year of Study: May 2021

Kent State University at the Stark Campus - North Canton , OH

One Semester of Study: December 2023

Columbus State Community College - Columbus, OH

24 Week UI/UX Bootcamp: March-September 2024

Ohio State College of Engineering - Columbus, OH

Summary:

- Applied the stages of iterative design to multiple projects
- Became adept in software such as Figma, Google Presentations, Trello, and Wix
- Learned the fundamentals of HTML, CSS, Javascript, and Bootstrap to become conversational with software developers
- Presented projects to a group of peers to gain experience in receiving constructive criticism and explaining thought processes
- Designed with a mobile-first mentality to render wireframes for desktop and mobile
- Utilized user testing to take wireframes from low to high fidelity

Professional Summary

A recent graduate of Ohio State's UI/UX boot camp equipped with a solid foundation in Figma, design processes, and coding languages such as HTML, CSS, JavaScript, and Bootstrap. Candidate who brings a unique perspective to user research and interface with a background in sales. Strong communication skills allow effective collaboration with software developers, bridging the gap between design and development. A prospect eager to learn and make an impact as a member of a front-end development team that creates exciting and unique designs.
